Property: North Bay Access Project  
Re: SEPA Review

Dear Mr. Zeigler:

Thank you for contacting the Washington State Department of Archaeology and Historic Preservation (DAHPP). The above referenced project has been reviewed under Executive Order 05-05 and an archaeological survey was requested. The survey was performed and we understand that an archaeological site was identified in the project area. However, we have not received a copy of the survey and archaeological site form for review and were informed that more work was needed in order to complete both. Therefore we reserve our comments on the project until after we have received and reviewed the archaeological survey and site form.

Thank you for the opportunity to review and comment.

Sincerely,

Gretchen Kaehler  
Assistant State Archaeologist  
(360) 586-3088
